## MESSAGE FROM THE DIRECTOR

As we look toward the future, PGH Badulla will continue taking a progressive approach to delivering superior sustainable healthcare, assembling the finest medical team and acquiring the latest technology with the strengthening of infra-structure and human resource facilities.

We are pleased to present our annual report for the year 2011 highlighting the statistical analysis of trends during last five years and the development activities implemented during year 2011 /2012 and activities planned for year 2013.

As you may notice, we have gained a significant progress during the year 2011 in terms of infra-structure facility development and provision of amenities for our staff .It should be mentioned that *it would not be possible to reach our expected goals without* the cooperation and kind assistance extended by the

Dr. Nihal Jayathilaka -Secretary of Health, Dr. Ravindra Ruberu – former Secretary of Health ,Dr Ajith Mendis, Director General of Health Services , Dr.P.G. Mahipala-Additional Secretary (Medical Services)and other officials of ministry and departments and the constant encouragement from the Honorable Health Minister Maithripala Sirisena.

I would like to use this opportunity to express my gratitude to Honorable Minister Nimal Siripala de Silva (Minister of Irrigation and Water Resources Management) for his valuable support extended us to improve on the high standards of health in the province.

I wish to acknowledge and thank the commitment and endeavor shown by all my consultants, past and present if not for their hardiest support and kind advice the success of this hospital might not have been for easy.

I thank all my staff who made 2011 another very successful year for our hospital and firmly believe that our staff with their hard work, caring attitude and passion toward helping the sick one, strengthen its long-standing tradition of serving the community.

I appreciate our all stake holders, donors and other supporters, local and island wide, for continuing support and involvement to position the hospital to meet future demands.

Finally I expect and seek all of your kind assistance and cooperation in achieving our vision of being *the undisputed front-runner in the innovative and comprehensive healthcare by 2020*

**Dr. M.K Sampath Indika Kumara** (MBBS, MSC (Medical Administration), MCMA)  
**Director**  
**Provincial General Hospital, Badulla**

# ABOUT US

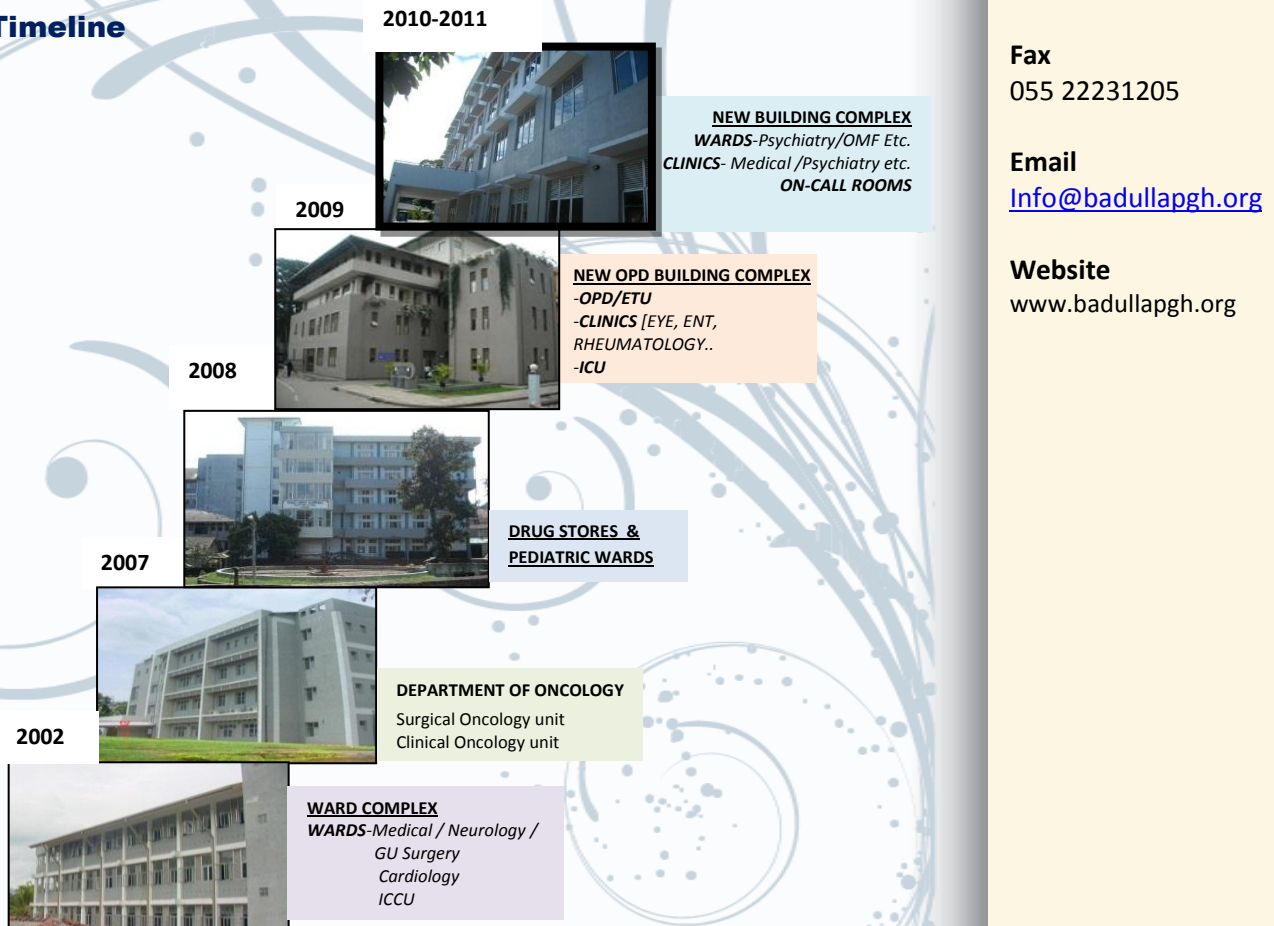

Provincial General Hospital - Badulla (PGHB) is a comprehensive tertiary care hospital committed to provide easy access to superior quality health services in the Uva province and beyond. It's specialized clinical, diagnostic, emergency; out-patient and outreach services provide patients with the highest possible level of care. It is the only tertiary-care hospital in the Uva province and works actively to develop partnerships with other health care organizations, to ensure that we deliver first-class services for over 1.3 million people in the province.

The 1375 bedded hospital serves more than 700,000 patients annually and has nearly 90000 inpatient and 650 000 outpatient visits in a year, including 8500 deliveries. Our staff of more than 1800 members including 30 consultants and 140 medical officers provides state-of-the-art inpatient, outpatient care in almost all areas of medicine and continues to embody tradition with a higher level of dedicated service, care and attention in a pleasant environment.

## OUR HISTORY

Provincial General Hospital - Badulla is one of the longest serving hospitals in the country. Its origins date back to an old Colonial Hospital, which was established in 1891. In year 2000 it was incorporated to the Line Ministry.

# OUR VISION AND MISSION

## අපගේ දැක්ම

2020 දී නවෝත්පාදන සහ පරිපූර්ණ සෞඛ්‍ය සත්කාරක සේවාවෙහි පෙරගමන්කරු බවට පත්වීම

### Our Vision

**TO BE THE UNDISPUTED FRONT-RUNNER IN THE INNOVATIVE AND COMPREHENSIVE HEALTHCARE BY 2020.**

As the premier healthcare provider in Uva Wellassa, We are committed through teamwork to provide wide range of person-centered, incomparable, timely and sustainable healthcare service in a cost effective and responsible manner which contribute to the physical, psychological, social and spiritual wellbeing and aspiration of the community including stakeholders with adherence to good governance practices and maximum utilization of available resources while maintaining echo friendly safe environment.

**Integrity**  
අපි විවාදාත්මක අවස්ථාවකදී අපගේ අදහස් පැහැදිලිව පෙන්වීමට කටයුතු කරන්නෙමු.

**Compassion**  
අපි අපගේ සේවාදායකයින්ගේ අපේක්ෂා අනුව සලකා බලා ආරක්ෂා සහ සහාය සැපයීමට කටයුතු කරන්නෙමු.

**Accountability**  
අපි අප විසින් කරනු ලබන සියලුම ක්‍රියාදාමයන් ඉතා වගකීමෙන් සහ වගකීමෙන් ඉටුකිරීමට බැඳී සිටිමු.

**Respect**  
අපි ජාති ආගම් කුල පන්ති හේතු නොසලකා සියලු සේවාදායකයින් වටිනා පුද්ගලයින් සේ සලකා කටයුතු කරන්නෙමු.

**Excellence**  
අපි නවකල්පයන්, ක්‍රියාත්මක කිරීමේ ක්‍රමවේදයන්, සහ පුහුණුවීම් මගින් සේවාදායකයන්ගේ සහ අපගේ සේවකයන්ගේ සහ සේවකයන්ගේ සුදුසුකම් ඉහළ නැංවීමට කටයුතු කරන්නෙමු.

# OUR SERVICES

Highly specialized treatments are most appropriately delivered in units, consisting of almost all sub specialties, with a concentration of expertise. Its major strength in terms of governance and ability to deliver high quality care has been the close collaboration of medical and surgical specialties and continued to strive to provide the highest standard of care possible, supporting the PGHB philosophy and values.

# DEPARTMENTAL REVIEW

## DEPARTMENT OF MEDICINE

*Dr . D.A.C. Dissanayaka, Consultant Physician*

*Dr . Rohitha Jayamaha, Consultant Physician*

The Department of Medicine provides high quality full range of care from general health services to the most complex and specialized treatments, all within a sensitive and compassionate environment. The Department is arranged into two divisions, each consists of two wards. One unit takes responsibility for casualty admissions in every 24 hour period.

General Medicine Department houses 2 Consultant physicians and is responsible for 205 beds across four wards. In year 2011, the department performed over 70,000 outpatient encounters and had over 22,000 inpatient admissions.

The Diabetic clinic along with the newly established NCD Centre (previously diabetic Centre) offer comprehensive programs for non-communicable diseases that includes medical care and a diabetes self-management program with the aim of bringing latest.

# DEPARTMENTAL REVIEW

## DEPARTMENT OF GENERAL SURGERY

*Dr. D.A.K.N. Dunusinghe, Consultant General Surgeon*  
*Dr. S.A. Gunawardhena, Consultant General Surgeon*

The General Surgery Department offers a comprehensive and high quality range of surgical procedures to the local community. A wide range of surgical procedures are undertaken as day and inpatient cases in addition to minor operations. From a relatively simple hernia operation to a more complex procedure, our surgeons are all guided by their dedication to providing the best possible outcome for their patients.

The department functions as two units headed by two General surgeons and patients are managed through 254 bedded wards with 12 acute beds. Casualty surgical patients are admitted to casualty surgical wards and transferred to surgical /post-surgical wards for further management.

## DEPARTMENT OF OBS & GYN

*Dr. Kapila Vithanachchi, Consultant VOG*

*Dr. Hilmy Salih, Consultant VOG*

The Department of Obstetrics and Gynecology consisting of two units is a leading centre in all aspects of women's health, with recognized programs in obstetrics and gynecology.

The health and safety of every mother and child is our highest priority. Outstanding results, an excellent safety record and caring personal service have led to it becoming the first choice for women looking to create their special birth experience knowing they are fully informed, safe and in control.

The Gynecology department provides a full range of emergency and elective gynecology services and offers general gynecology and reproductive medicine including investigations, advice and management of infertility problems.

*Dr. Senaka Weerakoon, Consultant Anesthetist*

*Dr. DAL Dissanayaka, Consultant Anesthetist*

The anesthesiology team at PGH Badulla provides patients with the most advanced anesthesiology and pain management options available. Our anesthesiology medical staff is involved in all aspects of surgical care, including preoperative evaluation, monitoring patients during surgery, and afterward in the recovery room. These specialists perform a wide range of procedures in all three main categories of anesthesia and provide peri-operative care for approximately 25,000 patients undergoing a variety of surgical procedures through three operating theatre units each year.

Our hospital has Surgical & Medical Intensive Care Units which provide advanced, personalized care for patients. Our 3-bed HDU is for patients with medical conditions that do not need intensive care, but do require specialized monitoring, nursing and resources.

# DEPARTMENTAL REVIEW

## DEPARTMENT OF OPHTHALMOLOGY

*Dr. R.W.W.M.R.P.B. Iddawala, Consultant Eye Surgeon*

The Department of Ophthalmology provides inpatient and outpatient eye care services for the hospital's catchment area in Uva province.

As the requirements continued to grow in volume and complexity during past years, the unit went through a number of upgrades during last few years to meet the expanding requirements. These upgrades, including eye clinic being moved to new spacious building, and contribution of dedicated, experienced team of consultant, medical officers and the supportive staff of the unit have ensured the maximum patient care to the community.

In year 2011, **37143** patients were seen at the eye clinic and it was an increase of 69% compared to 2009 and this has been made possible by conducting clinics from Monday to Saturday [ 6 days a week] and through the dedication of medical staff with the enthusiastic guidance of the consultant eye surgeon.

## DEPARTMENT OF ONCO SURGERY

*Dr. D. C. A. Thewarapperuma, Consultant Onco Surgeon*

Onco surgery is a division which deals with surgical management of cancers. Surgery was the earliest and most time-tested treatment modality for wide range of cancers. Surgical management of cancers requires extensive and complicated procedures, which are technically challenging and time consuming.

We provide outstanding clinical care in a patient-focused manner, integrating the entire care needs of our patients and their families

## DEPARTMENT OF RADIOLOGY

*Dr. (Mrs) K.P.S Wijesinghe, Consultant Radiologist*

The Department of Radiology is a highly specialized, full-service department which strives to meet all patient and clinician needs in diagnostic imaging and image-guided therapies. Our Radiologists, Medical officers and other staff provide continuous support to an extensive inpatient and outpatient population to diagnose and treat disease 24 hours, 7 days a week.

Operational round the clock, it not only serves the diagnostic needs of all other departments in the hospital but caters to the diagnostic requirements of most of the neighboring Hospitals.

The Department of Radiology is highly specialized and provides the most important advances in state-of-the-art technology to patients ranging from simple x-rays to the Computerized Tomography Scanning.

# DEPARTMENTAL REVIEW

## DEPARTMENT OF CARDIOLOGY

*Dr. H.M.C.P. Hathlahawaththa, Consultant Cardiologist*

The Cardiology Department provides a diagnostic and treatment service for patients referred with heart diseases. The service comprises outpatient facilities, inpatient provision, a comprehensive range of non-invasive investigational facilities [e.g. **2D ECHO, Holter monitoring / exercise ECG**], invasive procedures [e.g. **pericardial aspiration**] and range of interventional cardiology procedures [e.g. **insertion of TPM**]

Cardiology department conducts four different types of clinics including **cardiac rehabilitation clinic** (especially for patients with myocardial infarction) and heart failure clinic.

The Department caters for patients from Uva and adjacent provinces and has a 5 bed ICU, a 4 bed Intermediate facility and a 20 bed ward.

# DEPARTMENTAL REVIEW

## OUTPATIENT DEPARTMENT [OPD]

*Dr. A.G.H. Sugathapala, Consultant Physician*

We aim to provide a consistent, effective and friendly service to our patients, their relatives, friends and carers and to make your visit to the outpatient department as comfortable as possible. The spacious unit consists of an admission room, examination and consulting rooms, pharmacy, dressing, injection rooms and it affords seating accommodation for 400 patients.

# DEPARTMENTAL REVIEW

## DEPARTMENT OF DENTISTRY (OPD)

*Dr.RMP Abeysekara Dental Surgeon in charge*

The Outpatient department of dentistry of PGH Badulla has been providing its various services to the community and we have achieved almost all the treatment facilities to provide good oral and dental health care to the community. The number of patients flow and treated has been increasing remarkably every year. They perform routine dental care and refer patients to Orthodontist or oral and maxillofacial surgeon if further diagnosis or treatment is required.

## DEPARTMENT OF ORTHODONTICS

*Dr. (Mrs) G.L. Chandra, Consultant Orthodontist*

Achieving healthy smiles is a team effort that involves the orthodontist, the patient, and as needed, other specialists. The orthodontist provides the expertise, the treatment plan, and the techniques to straighten teeth and align the jaws. Orthodontic treatment is not quick and requires a commitment from each patient. We provide specialist services for children and adults requiring correction of their mal-aligned teeth and jaws. We offer orthodontic treatment as outpatient basis to people living in Uva province and surrounding areas.

# ACHIEVEMENTS

Many new initiatives and longstanding projects came to fruition during the year. Redevelopment works completed or under construction and number of other activities have taken place during the year included

## **COMPLETED PROJECTS -YEAR 2011**

### **CONSTRUCTIONS ABOVE RS: 2 000 000**

Renovation of the Eye Theater - 2.65 million

### **CONSTRUCTIONS BETWEEN RS: 500 000 & 2 000 000**

- Construction of Generator room for New OPD Building - 1.35 million
- Electrical Repair Works in the Operating Theatre -B - 1 million
- Chain link fence at the New Ward and Clinic Building - 0.6 million
- Repairing of Existing lamp fitting and ceiling fans and providing new electrical fitting at Surgical ward (ward 09) - 0.6 million

### **CONSTRUCTIONS BETWEEN RS: 100 000 & 500 000**

- Zink aluminum gate and RRM wall at the New Ward and Clinic Building
- Extra work/ new Drugs stores (WD 23)
- Supply and Fixing of 12000 Btu/hr. Air conditioner at the Ultra Sound Scanning room
- Supply , fabricating and fixing of stainless steel wet basin stainless steel cloth hangers at the Surgical ICU
- Installation of Power Distribution panel at the Laboratory
- Supply and Fixing of exhaust fans for the Kitchen
- Supply and Fixing of Sliding gate for main entrance at the NTS-Badulla
- Supply and fixing of Aluminum partition to separate safety cupboard and re-fixing of A/C machine
- Supply and Fixing of wall mounted timber shelves timber cupboard and Aluminum partition at the Orthodontic clinic
- Supply and Fixing of wall mounted timber shelves timber Drugs drawers steel and timber quarter at the New Skin Dispensary
- Repairing of Water pump panes board of the Ward Complex Building (wd 30 - 34)
- Supply , fabricating and fixing of Box Iron gate and chain link fence near side at the New Ward and Clinic Building
- Supply and Fixing of 1800 Btu A/C for the X-ray room of Radiology Department
- Improvement to the Dental clinic
- Supply and Fixing to stainless steel hand rail to Medical pharmacy
- Supply and Fixing timber drawers to medical pharmacy at the New Ward and Clinic Building
- Construction of concrete shelves for food storing at the main Kitchen

## Completed Projects -year 2012(up to June)

### CONSTRUCTIONS ABOVE RS: 2 000 000

- ✦ Supply and installation new machine to increase the capacity of Medical Gas System) - 3.4 million
- ✦ Repair and Renovation of Sewerage system - 3.2 million

### CONSTRUCTIONS BETWEEN RS: 500 000 & 2 000 000

- ✦ Renovation of Director Quarters - 1.9million
- ✦ Construction of rear Gate with access and repairing of drainage System - 1.9 million
- ✦ Construction of roof (balcony Mental Health Unit 1st floor) - 1.9 million
- ✦ Extension of Oxygen supply to new OPD - 1.5 million
- ✦ Construction of corridor ( new Drugs stores) - 1.4 million
- ✦ Repair of Wiring and Switch boards ( All corridors) - 1.3 million

### CONSTRUCTIONS BETWEEN RS: 100 000 & 500 000

- ✦ Supply and installation of 3 Air Conditioner ( 12000 Btu) in the Hematology Laboratory
- ✦ Construction of waiting area for Diabetic Patients
- ✦ Conversion of library room to EEG room ( new OPD complex)
- ✦ Renovation of Accountants office
- ✦ Renovation of NTS kitchen
- ✦ Supply and installation of hand washing basin and wall racks (MICU)
- ✦ Construction of toilet to on-call room ( Neuro-Surgery)
- ✦ Construction of 2 water tanks at Mental Health Unit
- ✦ Repair ward 25 (Toilet and drainage system)
- ✦ Supplying and Installation of an Air Conditioners at Blood Bank
- ✦ Supplying, Fabricating and Fixing of Aluminum partition and steel door at Drugs Stores ground, first and second floor main entrance area
- ✦ Supply and installation Grills for windows ( Drugs stores)
- ✦ Repair of toilet ( ward 28,29)
- ✦ Supplying and Installation of an Air Conditioners at the Director's Office
- ✦ Supplying and Installation of an Air Conditioners at the Eye Theatre
- ✦ Installation of 18000 Btu/hr. air conditioner unit at the Ophthalmic Unit

## New Equipment – Year 2011

The institution acquired new equipment to allow for wide range of surgical and medical procedures.

- Phaco Machine for Eye unit
- C-Arm X Ray Machines -02
- Multipara Monitors - 10
- Blood Gas Analyzer -01
- Operating Theatre Lamp -01
- Defibrillators – 05
- Mobile Operating Theatre Lamp-01
- Ventilators -04
- Anesthetic Machines with Ventilator -01
- Anesthetic Machine -02
- Ultrasound Therapy Machine -01
- Dialysis Machine and Water treatment plant
- Diathermy Machine - 02

## New Services started (year 2011/2012)

- ✚ **Functioning of New Ward and Clinic Complex with the relocation of following units**
  - Mental Health wards
  - OMF wards
  - Dental OPD
  - Orthodontic Unit
  - Clinic Services - Medical / Pediatric / Neurology / Dermatology / Mental Health etc.
- ✚ **New outreach Services - following outreach clinics were started**
  - Eye clinics
  - Neurosurgical clinics
- ✚ **Commencement of High Dependency Unit functions**
- ✚ **Establishment of Gynecology unit in a separate ward.**
- ✚ **Relocation of Pediatric ward 23 and Thalassemia ward to new building (Drug Stores Building)**
- ✚ **Establishment of Stroke unit**
- ✚ **Installation of way finding and name boards**

## Achievements

**1. C Arm Xray Machine**

**2. Phaco Machine for eye unit**

**Air conditioner at the Ultra Sound Scanning room**

**Box Iron gate and chain link fence**

**Chain link fence at the New Ward and Clinic Building 0.6 million .**

**concrete selves for food storing at the main Kitchen**

**Construction of corridor ( new Drugs stores) - 1.4 million**

**Construction of Generator room for New OPD Building - 1.35 million**

**Construction of overhead water tank -23.5 million**

**Construction of rear Gate with access and repairing of drainage System - 1.9**

**Construction of roof (balcony Mental Health Unit 1st floor) - 1.9 million**

**Construction of waiting area for Diabetic Patients**

**Increase the capacity of Medical Gas System) - 3.4 million**

**OTB Electrical repair 1 million**

**Power Distribution panel at the Laboratory**

# ACHIEVEMENTS

## Ongoing Projects (as at June 2012)

### CONSTRUCTIONS ABOVE RS: 4 000 000

- ✚ Construction of overhead water tank -23.5 million
- ✚ supply/installation of refrigerators-mortuary -12 million
- ✚ supply/installation of lift-ward 23 --6 million
- ✚ supply/installation of lift-ward 22 -6 million

### CONSTRUCTIONS BETWEEN RS: 2 000 000 & 4 000 000

- ✚ Repairs to room and toilets on the first floor of intern doctor' quarters -4.7 million
- ✚ Hospital master plan/hospital development -3.8 million
- ✚ Supplying and fixing of timber racks and socket outlets -Surgical ward 08/ Repair of toilet doors- -Surgical ward 08 / aluminum partition for Chest ward -3.5 million
- ✚ Internal wall Painting & other civil repair work at OPD first floor -3.5 million
- ✚ supply/installation of Oxygen/suction system-surgical/medical units -2.8 million
- ✚ Repairs to Electrical system of administrative building (old OPD unit) -2 million

### CONSTRUCTIONS BETWEEN RS: 1 000 000 & 2 000 000

- ✚ Electrical Repairs t Intern Doctors Quarters
- ✚ Printing, supplying and fixing of Name Boards
- ✚ Painting and toilet repair ward 32
- ✚ Repairs to ward no. 32

### CONSTRUCTIONS BETWEEN RS: 500 000 & 1 000 000

- ✚ Painting and repairing-Administration Building
- ✚ Supplying, & fixing of aluminum partition with door (ward no. 23 waiting area)
- ✚ Removing of existing steel frame Calicut Pattern roof and providing timber frame Calicut Pattern Roof for Incinerator
- ✚ Construction of Security Hut with Toilet at Proposed Main entrance Gate
- ✚ Painting, tilling and other repair work at ward no 28,29(positive ward)
- ✚ Roof Repairs (ward no 30,31,32,34) / Electrical repair-ward 10
- ✚ Visitors area -SICU
- ✚ Renovation-sewerage pump
- ✚ Repairing of toilet block and other improvement work at on call laboratory
- ✚ Construction of roof to connect ward no. 23 and existing corridor

### CONSTRUCTIONS BETWEEN RS:200 000 & 500 000

- ✚ Renovation of PBU
- ✚ fixing new fuse control panel - kitchen
- ✚ Supplying and fixing of wall mounted steel racks and other repair work - 22 ward
- ✚ Conversion of Old Skin clinic as outpatient bleeding room
- ✚ Electrical repair -ward 11
- ✚ Construction of shelter for visitors [front side of administration building]
- ✚ Repair ward 35,36,37 (Toilet and roof repair)/ Toilet repair -ward 7
- ✚ Renovation (WD 30) water supply and drainage system
- ✚ Supplying and fixing of aluminum cupboards /other improvement at main laboratory
- ✚ Rectification of leaks in floor slabs and leaks in bathroom fitting at ward 35,36 & 37
- ✚ Repair of waste water system at main toilet block and diverting rain water- ward 30
- ✚ Providing Toilet Facilities for disable patient at ward no. 26/27
- ✚ Renovation of Surgical clinic
- ✚ Supplying, fabricating and fixing of iron grill for part of the aluminum window at new ward no. 23 auditorium and connecting of ward no.22 and old Thalassemia ward.

# SPECIAL ACTIVITIES PLANNED FOR YEAR 2013

- ✦ Establishment of Radio iodine therapy unit.
- ✦ Construction of new incinerator
- ✦ Construction of new building for vehicle parking and drivers rest rooms
- ✦ Construction of new main gate and the access
- ✦ Construction of building for Central Sterilization Supply Department (CSSD)
- ✦ Extension of boundary wall around the Consultant quarters at Puwakgodamulla
- ✦ Establishment of Neonatal ICU
- ✦ Construction of New boundary wall for the new land at Pinnarawa
- ✦ Construction of new store complex
- ✦ Construction of new building to occupy Orthopedic workshop /Occupation & Speech therapy /Biomedical / EEG / Exercise ECG/Cardiac Rehabilitation center
- ✦ Construction of new building to occupy Deputy Director/Consultants & Married quarters
- ✦ Construction of new public Toilet
- ✦ Construction of connecting corridor from new clinic building to main hospital premises
- ✦ Construction of access corridor connecting OPD and ward 1
- ✦ Renovation of on call rooms and toilets-intern doctors quarters
- ✦ Renovation-intern doctors quarters
- ✦ Renovation-doctors quarters
- ✦ Electrical repair/renovation of kitchen-intern doctors quarters
- ✦ Rewiring and Roof repair of X ray department.
- ✦ Renovation-administration Building [ground floor]
- ✦ Roof repair-radiology department
- ✦ Renovation -kitchen
- ✦ Renovation-onco OT/ onco ICU
- ✦ Renovation-Medical Centre
- ✦ Renovation-old dispensary
- ✦ Repair of electrical switch-boards
- ✦ electrical repair/toilet repair (chest/ENT units)
- ✦ Expansion of wall oxygen and wall suction facility to needy units - stage 2
- ✦ Installation of PABX system and internal wiring -12.4 million
- ✦ Installation of Public addressing system
- ✦ Installation of fire system
- ✦ Installation of Generator for the Oncology unit & New Clinic - Ward Complex.
- ✦ Air conditioning -labour rooms
- ✦ Air conditioning -new auditorium/store room drug stores
- ✦ Supply/installation of steel shelves-drug stores
- ✦ Supply and fixing of cool rooms-drug stores
- ✦ Supply/installation of steel shelves
- ✦ Conversion of dispensary to PCU
- ✦ Upgrading of wiring system-radiology department
- ✦ Upgrading of Water supply network
- ✦ Setting up local area network connecting Laboratory /Radiology department to other units to enable easy and fast accessibility
- ✦ Landscaping of Hospital premises.
